**Dress Codes** - Richard
Thompson Ford - 2021-02-09
A revelatory exploration of
fashion through the ages that
asks what our clothing reveals
about ourselves and our
society. Dress codes are as
old as clothing itself. For
centuries, clothing has been a
wearable status symbol;
fashion, a weapon in struggles
for social change; and dress
codes, a way to maintain
political control. Merchants
who dressed like princes and
butchers’ wives wearing gem-
en crusted crowns were public
enemies in medieval societies
structured by social hierarchy
and defined by spectacle. In
Tudor England, silk, velvet,
and fur were reserved for the
called “trunk hose” could be
considered a menace to good
order. The Renaissance era
Florentine patriarch Cosimo
de Medici captured the power
of fashion and dress codes
when he remarked, “One can
make a gentleman from two
yards of red cloth.” Dress
codes evolved along with the
social and political ideals of
the day, but they always
reflected struggles for power
and status. In the 1700s,
South Carolina’s “Negro Act”
made it illegal for Black
people to dress “above their
condition.” In the 1920s, the
bobbed hair and form-fitting
dresses worn by free-spirited
flappers were banned in
workplaces throughout the
United States and in the
1940s the baggy zoot suits
favored by Black and Latino
men caused riots in cities
from coast to coast. Even in
today’s more informal world,
dress codes still determine
what we wear, when we wear
it—and what our clothing
means. People lose their jobs
for wearing braided hair, long
fingernails, large earrings,
beards, and tattoos or
or make-up and high heels. In some cities, wearing sagging pants is a crime. And even when there are no written rules, implicit dress codes still influence opportunities and social mobility. Silicon Valley CEOs wear t-shirts and flip flops, setting the tone for an entire industry: women wearing fashionable dresses or high heels face ridicule in the tech world and some venture capitalists refuse to invest in any company run by someone wearing a suit. In Dress Codes, law professor and cultural critic Richard Thompson Ford presents an insightful and entertaining history of the laws of fashion from the middle ages to the present day, a walk down history’s red carpet to uncover and examine the canons, mores, and customs of clothing—rules that we often take for granted. After reading Dress Codes, you’ll never think of fashion as superficial again—and getting dressed will never be the same.

Dress Codes - Richard

A revelatory exploration of fashion through the ages that asks what our clothing reveals about ourselves and our society. Dress codes are as old as clothing itself. For centuries, clothing has been a wearable status symbol; fashion, a weapon in struggles for social change; and dress codes, a way to maintain political control. Merchants who dressed like princes and butchers’ wives wearing gem-encrusted crowns were public enemies in medieval societies structured by social hierarchy and defined by spectacle. In Tudor England, silk, velvet, and fur were reserved for the nobility and ballooning pants called “trunk hose” could be considered a menace to good order. The Renaissance era Florentine patriarch Cosimo de Medici captured the power of fashion and dress codes when he remarked, “One can make a gentleman from two yards of red cloth.” Dress codes evolved along with the social and political ideals of the day, but they always reflected struggles for power and status. In the 1700s,
invest in any company run by someone wearing a suit. In Dress Codes, law professor and cultural critic Richard Thompson Ford presents an insightful and entertaining history of the laws of fashion from the middle ages to the present day, a walk down history’s red carpet to uncover and examine the canons, mores, and customs of clothing—rules that we often take for granted. After reading Dress Codes, you’ll never think of fashion as superficial again—and getting dressed will never be the same.

**Fashion History** - Linda Welters - 2018-02-08

Fashion History: A Global View proposes a new perspective on fashion history. Arguing that fashion has occurred in cultures beyond the West throughout history, this groundbreaking book explores the geographic places and historical spaces that have been largely neglected by contemporary fashion studies, bringing them together for the first time. Reversing the dominant
A Global View will inspire Western Europe in the history of dress, Welters and Lillethun adopt a cross-cultural approach to explore a vast array of cultures around the globe. They explore key issues affecting fashion systems, ranging from innovation, production and consumption to identity formation and the effects of colonization. Case studies include the cross-cultural trade of silk textiles in Central Asia, the indigenous dress of the Americas and of Hawai‘i, the cosmetics of the Tang Dynasty in China, and stylistic innovation in sub-Saharan Africa. Examining the new lessons that can be deciphered from archaeological findings and theoretical advancements, the book shows that fashion history should be understood as a global phenomenon, originating well before and beyond the fourteenth century European court, which is continually, and erroneously, cited as fashion's birthplace. Providing a fresh framework for fashion history scholarship, Fashion History: inclusive dress narratives for students and scholars of fashion, anthropology, and cultural studies.

The History of Modern Fashion - Daniel James - 2015-08-24
This exciting book explores fashion not simply from an aesthetic point of view but also as a manifestation of social and cultural change. Focusing on fashion from 1850, noted fashion historians Daniel James Cole and Nancy Deihl consider the evolution of womenswear, menswear, and childrenswear, decade by decade. The book looks at the dissemination of style and the relationship between fashion and the visual, applied, and performing arts, the intertwined relationship between fashion and popular culture, the impact of new materials and technology, and the growing globalization of style. With photographs of costume from museums and images from the fashion press including editorial photography, illustrations, and advertising, the book will include insights into icons of fashion and the clothes worn by "real people" , providing a valuable visual reference for the reader.

Understanding Fashion History - Valerie Cumming - 2021-06-03

The generous reception given to Understanding Fashion History when it was first published in 2004 recognised it as a timely reappraisal of the role of fashion and its place in society. The book introduces the reader to the ways fashionable dress has been defined and studied since the late 17th century, surrounding the subject, the assembling and use of collections of fashion and textiles, the significance of dress and art, the tension between uniformity of appearance and disguise, and the purpose of theatrical costume. This book has been read and recommended by academics, collectors, curators, students and general readers who want context for the contemporary obsession with fashion. Constantly in demand, it has become a classic text in its field.

**Planet Fashion** - Natasha Slee - 2019-04
Hold onto your hats and lace up your boots; we're off on a fashion adventure! Travel through 25 scenes in fashion history, circling the globe with your two young stylish travel companions—one boy and one girl, dressed the part in every picture. Each lavishly illustrated scene captures the mood and style of a unique time and place, accompanied by a trove of fashion history facts. Your journey begins over one hundred years ago, twirling around the ballroom in gowns and tailcoats. Travel on to dress up in Oriental silks to see a performance of the Ballet Russes, shimmy down in the flapper fashion of the Harlem Renaissance, fling your feather boa as you schmooze with movies stars on the Hollywood red carpet, and glue your hair into spikes as a London punk in this celebration of fashion and
skates at the dazzling disco defining setting shows an array of characters showing off the distinguishing fashions of the time. Captions point out key fashion features, accessories, and cultural influences--like the cycling bloomers of the active and career-driven New Woman at the start of the twentieth century, the morale-boosting felt hats worn during the Second World War, and the plastic sunglasses inspired by space goggles from the Space Race era. Fact boxes give the time, place, key designers, and trends in silhouettes, hemlines, and sleeves for each fashion scene. Use the timelines at the back to see how historical events intersect with the evolution of fashion. One timeline summarizes the formative events of the twentieth century and three others highlight trends in shoes, hats, and bags. A Can You Find? page gives you motivation to study the scenes even more closely. Can you find a waiter dropping his tray of coffee on the streets of Paris? And a pair of roller skates at the dazzling disco jam? From Bollywood to Hollywood, suburban Canada to the French Riviera--embark on a voyage of discovery. A century of inspiring style awaits

The First Book of Fashion - Ulinka Rublack - 2021-02-11
This captivating book reproduces arguably the most extraordinary primary source documents in fashion history. Providing a revealing window onto the Renaissance, they chronicle how style-conscious accountant Matthäus Schwarz experienced life through clothes, and climbed the social ladder through fastidious management of self-image. These bourgeois dandies' agenda resonates as powerfully today as it did in the sixteenth century: one has to dress to impress, and dress to impress they did. The Schwarzes recorded their sartorial triumphs as well as failures in life in a series of portraits by illuminists over 60 years, which have been comprehensively reproduced in full color for the first time. These exquisite illustrations are accompanied by the Schwarzes' fashion-focussed yet at times deeply personal captions, which render the pair the world's first fashion bloggers and pioneers of everyday portraiture. The First Book of Fashion demonstrates how dress—seemingly both ephemeral and trivial—is a potent tool in the right hands. Beyond this, it colorfully recaptures the experience of Renaissance life and reveals the importance of clothing to the aesthetics and everyday culture of the
powerfully today as it did in Rublack's and Maria Hayward's insightful commentaries create an unparalleled portrait of sixteenth-century dress that is both strikingly modern and thorough in its description of a true Renaissance fashionista's wardrobe. This first English translation also includes a bespoke pattern by TONY award-winning costume designer and dress historian Jenny Tiramani, from which readers can recreate one of Schwarz's most elaborate and politically significant outfits.

Fashion Game Book - Florence Muller - 2008
A compendium of intrigue, lore, who's who and what's what of fashion.

Changing Clothes in China - Antonia Finnane - 2008-01-24
Based largely on nineteenth and twentieth-century representations of Chinese dress as traditional and unchanging, historians have long regarded fashion as something peculiarly Western. But in this surprising, sumptuously illustrated book, Antonia Finnane proves that vibrant fashions were a vital part of Chinese life in the late imperial era, when well-to-do men and women showed a keen awareness of what was up-to-date. Though foreigners who traveled to China in the early decades of the twentieth century came away with the impression that Chinese dress was simple and monotone, the key features of modern fashion were beginning to
Based largely on nineteenth and twentieth-century representations of Chinese dress as traditional and unchanging, historians have long regarded fashion as something peculiarly Western. But in this surprising, sumptuously illustrated book, Antonia Finnane proves that vibrant fashions were a vital part of Chinese life in the late imperial era, when well-to-do men and women showed a keen awareness of what was up-to-date. Though foreigners who traveled to China in the early decades of the twentieth century came away with the impression that Chinese dress was simple and monotone, the key features of modern fashion were beginning to emerge, especially in Shanghai. Men in blue gowns donned felt caps and leather shoes, girls began to wear fitted jackets and narrow pants, and homespun garments gave way to machine-woven cloth, often made in foreign lands. These innovations marked the start of a far-reaching vestimentary revolution that would transform the clothing culture in urban and much of rural China over the next half century. Through Finnane's meticulous research, we are able to see how the close-fitting jacket and high collar of the 1911 Revolutionary period, the skirt and jacket-blouse of the May Fourth era, and the military style popular in the Cultural Revolution led to the variegated, globalized wardrobe of today. She brilliantly connects China's modernization and global visibility with changes in dress, offering a vivid portrait of the complex, subtle, and sometimes contradictory ways the people of China have worn their nation on their backs.

**A Cultural History of Fashion in the 20th and 21st Centuries** - Bonnie English - 2013-08-01
This new edition of a bestselling textbook is designed for students, scholars, and anyone interested in 20th century fashion history. Accessibly written and well illustrated, the book outlines the social and cultural history of fashion thematically, and contains a wide range of global case studies on key designers, styles, movements and events. The new edition has been revised and expanded: there are new sections on eco-fashion, fashion and the museum, major changes in the fashion market in the 21st century (including the impact of new media and retailing networks), new technologies, fashion weeks, the rise of asian fashion centers and more. There are twice as many illustrations. In its second edition, A Cultural History of Fashion in the 20th and 21st Centuries is the ideal introductory text for all
students of fashion.

Fashion Victims - Alison Matthews David - 2015-09-24
From insidious murder weapons to blaze-igniting crinolines, clothing has been the cause of death, disease and madness throughout history, by accident and design. Clothing is designed to protect, shield and comfort us, yet lurking amongst seemingly innocuous garments we find hats laced with mercury, frocks laden with arsenic and literally 'drop-dead gorgeous' gowns. Fabulously gory and gruesome, Fashion Victims takes the reader on a fascinating journey through the lethal history of women's, men's and children's dress, in myth and reality. Drawing upon surviving fashion objects and numerous visual and textual sources, encompassing louse-ridden military uniforms, accounts of the fiery deaths of Oscar Wilde's half-sisters and dancer Isadora Duncan's accidental strangulation by entangled scarf; the book explores how garments have
fascinating journey through and wore them, and harmed animals and the environment in the process. Vividly chronicling evidence from Greek mythology to the present day, Matthews David puts everyday apparel under the microscope and unpicks the dark side of fashion. Fashion Victims is lavishly illustrated with over 125 images and is a remarkable resource for everyone from scholars and students to fashion enthusiasts.

**Fashion Victims** - Alison Matthews David - 2015-09-24

From insidious murder weapons to blaze-igniting crinolines, clothing has been the cause of death, disease and madness throughout history, by accident and design. Clothing is designed to protect, shield and comfort us, yet lurking amongst seemingly innocuous garments we find hats laced with mercury, frocks laden with arsenic and literally 'drop-dead gorgeous' gowns. Fabulously gory and gruesome, Fashion Victims takes the reader on a

the lethal history of women's, men's and children's dress, in myth and reality. Drawing upon surviving fashion objects and numerous visual and textual sources, encompassing louse-ridden military uniforms, accounts of the fiery deaths of Oscar Wilde's half-sisters and dancer Isadora Duncan's accidental strangulation by entangled scarf; the book explores how garments have tormented those who made and wore them, and harmed animals and the environment in the process. Vividly chronicling evidence from Greek mythology to the present day, Matthews David puts everyday apparel under the microscope and unpicks the dark side of fashion. Fashion Victims is lavishly illustrated with over 125 images and is a remarkable resource for everyone from scholars and students to fashion enthusiasts.

**The Glass of Fashion** - Cecil Beaton - 2014-09-02

Gorgeously repackaged, this reissue of the classic book
recognized and sought after photographer’s expert and witty reminiscences of the personalities who inspired fashion’s golden eras, and left an indelible mark on his own sense of taste and style. "The camera will never be invented that could capture or encompass all that he actually sees," Truman Capote once said of Cecil Beaton. Though known for his portraits, Beaton was as incisive a writer as he was a photographer. First published in 1954, The Glass of Fashion is a classic—an invaluable primer on the history and highlights of fashion from a man who was a chronicler of taste, and an intimate compendium of the people who inspired his legendary eye. Across eighteen chapters, complemented by more than 150 of his own line drawings, Beaton writes with great wit about the influence of luminaries such as Chanel, Balenciaga, and Dior, as well as relatively unknown muses like his Aunt Jessie, who gave him his first glimpse of "the grown-up world of fashion." Out of print for decades but as a touchstone text, The Glass of Fashion will be irresistible to a new generation of fashion enthusiasts and a seminal book in any Beaton library. It is both a treasury and a treasure.

World Clothing and Fashion - Mary Ellen Snodgrass - 2015-03-17
Taking a global, multicultural, social, and economic perspective, this work explores the diverse and colourful history of human attire. From prehistoric times to the age of globalization, articles cover the evolution of clothing utility, style, including accessories (shoes, hats, gloves, handbags, and jewellery) for men, women, and children. Dress for different climates, occupations, recreational activities, religious observances, rites of passages, and other human needs and purposes - from hunting and warfare to sports and space exploration - are examined in depth and detail. Fashion and design trends in diverse historical periods, regions and countries, and social and ethnic groups constitute a major area of coverage, as does the evolution of materials (from animal fur to textiles to synthetic fabrics) and production methods (from sewing and weaving to industrial manufacturing and computer-aided design). Dress as a reflection of social status, intellectual and artistic trends, economic conditions, cultural exchange, and modern media marketing are recurring themes. Influential figures and institutions in fashion design, industry and manufacturing, retail sales,
evolution of materials (from related fields are also covered.

The Hidden History of American Fashion - Nancy Deihl - 2018-02-08
This book is the first in-depth exploration of the revolutionary designers who defined American fashion in its emerging years and helped build an industry with global impact, yet have been largely forgotten. Focusing on female designers, the authors reclaim a place in history for the women who created not only for celebrities and socialites, but for millions of fashion-conscious customers across the United States. From one of America's first couturiers, Jessie Franklin Turner, to
women who created not only captures the lost histories of the luminaries who paved the way in the world of American fashion design. This fully illustrated collection takes us from Hollywood to Broadway, from sportswear to sustainable fashion, and explores important crossovers between film, theater, and fashion. Uncovering fascinating histories of the design pioneers we should know about, the book enlarges the prevailing narrative of fashion history and will be an important reference for fashion students, historians, costume curators, and fashion enthusiasts alike.

**Underwear, the Fashion History** - Alison Carter - 1992
This book looks at underwear in general from 1490, and in some depth over the last 150 years, highlighting women's underwear, which is perhaps the most intriguing, certainly the most variable. Reference to men's and children's is mainly limited to brief notes on specific innovations, bearing on developments in women's underwear. Stockings and tights are only briefly mentioned as they do not quite qualify as under (i.e. hidden) garments. For each of three 50-year periods, from 1840 to 1990, the book looks at the image "outside in"---that is, the fashionable silhouette, and what layers were needed beneath to sustain this; then at the reality, "inside out"---with an analysis of the actual clothes, fabrics, design and decoration: and finally at the context, "round about" which focuses on reminiscences of wearing, and developments in the industry. These last sections also give details about making, cleaning and mending, together with notes on buying and selling.-- Introduction.

rights-era Mississippi. An introduction by editors Ted Ownby and Becca Walton asks how best to begin studying clothing and fashion in southern history, and an afterword by Jonathan Prude asks how best to conclude.

Clothing and Fashion in Southern History - Ted Ownby - 2020-07-23
Contributions by Grace Elizabeth Hale, Katie Knowles, Ted Ownby, Jonathan Prude, William Sturkey, Susannah Walker, Becca Walton, and Sarah Jones Weicksel Fashion studies have long centered on the art and preservation of finely rendered garments of the upper class, and archival resources used in the study of southern history have gaps and silences. Yet, little study has been given to the approach of clothing as something made, worn, and intimately experienced by enslaved people, incarcerated people, and the poor and working class, and by subcultures perceived as transgressive. The essays in the volume, using clothing as a point of departure, encourage readers to imagine the South’s centuries-long engagement with a global economy through garments, with cotton harvested by enslaved or poorly paid workers, milled in distant factories, designed with influence from cosmopolitan tastemakers, and sold back in the South, often by immigrant merchants. Contributors explore such topics as how free and enslaved women with few or no legal rights claimed to own clothing in the mid-1800s, how white women in the Confederacy claimed the making of clothing as a form of patriotism, how imprisoned men and women made and imagined their clothing, and clothing cooperatives in civil

**Worn on This Day** - Kimberly Chrisman-Campbell - 2019-11-05

This stunning visual guide is a journey of discovery through fashion's fascinating history, one day at a time. Beginning on January 1st and ending on December 31st, Worn On This Day looks at garments worn on monumental occasions across centuries, offering capsule fashion histories of everything from space suits to wedding gowns, Olympics uniforms, and armor. It creates thought-provoking juxtapositions, like Wallis Simpson's June wedding and Queen Elizabeth's June coronation, or the battered shoes Marie-Antoinette and a World Trade Center survivor wore to escape certain death.
Queen Elizabeth's June coronation, or the battered shoes Marie-Antoinette and a World Trade Center survivor wore to escape certain death, just a few calendar days apart. In every case there is a newsworthy narrative behind the garment, whether famous and glamorous or anonymous and humble. Prominent figures like Abraham Lincoln, Marilyn Monroe, and the Duchess of Cambridge are represented alongside ordinary people caught up in extraordinary events. Beautifully illustrated throughout, Worn On This Day presents a revelatory mash-up of styles, stories, and personalities.

**The History of Modern Fashion** - Daniel James Cole -
This lavishly illustrated book looks at the history of fashion from 1850 to 2010. Taking a decade-by-decade approach, Daniel James Cole and Nancy Deihl explore the history of fashion as a lively and dynamic manifestation of twentieth-century culture. Covering chronological changes in womenswear, menswear, and childrenswear, the book looks at the dissemination of style and the mechanisms of change, at the relationship between fashion and the visual, applied, and performing arts, the intertwined relationship between fashion and popular culture, the impact of new materials and technology, and the growing globalization of style. Illustrated with photographs of costume from museums and images from the fashion press including editorial photography, illustrations, and advertising, the book will include insights into icons of fashion and the clothes worn by "real people", providing a valuable visual reference for the reader.

Paris has been the international capital of fashion for more than 300 years. Even before the rise of the haute couture, Parisians were notorious for their obsession with fashion, and foreigners eagerly followed their lead. From Charles Frederick Worth to Gabrielle "Coco" Chanel, Christian Dior, and Yves Saint Laurent, fashion history is dominated by the names of Parisian couturiers. But Valerie Steele's Paris Fashion is much more than just a history of great designers. This fascinating book demonstrates that the success of Paris ultimately rests on the strength of its fashion culture – created by a host of fashion performers and spectators, including actresses, dandies, milliners, artists, and writers. First published in 1988 to great international acclaim, this pioneering book has now been brought up to date, encompassing the rise of fashion's multiple world cities in the 21st century. Lavishly illustrated, deeply learned, and elegantly written, Valerie Steele's masterwork explores with brilliance and flair why Paris remains the capital of fashion.

**Fashion through History** - Giovanna Motta - 2018-06-11
This collection arises from an international fashion conference held at Sapienza University in Rome, Italy, in May 2015. It is dedicated to one of the main indicators of social change, fashion, analysed within various scientific fields, historical periods, and geographical areas. It offers a comprehensive and detailed analysis of the world of clothes, starting from a

religious clothes, and traditional costumes, and then exploring fashion theories and more recent approaches and developments in the media and advertisements. The book analyses the clothing of various cultures, including the Hittite peoples and the less explored fashion of Eastern Europe, and it deals with craft traditions and national costume in different areas, including China, Greece, Romania and Georgia. It also investigates the style of marginalized groups and youth movements and the interpretation of fashion in the studies and writings of sociologists, philosophers and linguists, such as Fausto Squillacce and Christian Garve.
